***STRESS***  
BODILY STRESS OFTEN BUILDS IN SUCH THIN LAYERS THAT WE DON'T EVEN REALIZE THERE IS A BUILDING PROJECT GOING ON INSIDE US. IT'S LIKE THE WAY THAT ONE SINGLE SHEET OF NEWSPAPER DOES NOT MAKE THE SUNDAY EDITION. YET SHEET BY SHEET THE PILE OF PAPERS STARTS TO STACK UP. WE'VE ALL EXPERIENCED HOW A PILE OF NEWSPAPERS CAN GROW UNTIL IT FALLS OVER AND SCATTERS. AT THAT POINT WE KNOW THE PAPERS NEED TO BE CLEARED OUT. HOW DID THERE GET TO BE SUCH A MESS HERE? YOU MAY ASK YOURSELF IN THIS SITUATION. THE ANSWER IS LITTLE BY LITTLE IT ADDS UP. ONE OF THE THIN LAYERS OF STRESS THAT STACKS UP SO SLOWLY THAT WE DON'T NOTICE IT IS THE STRESS OF NOT BEING APPRECIATED

# The Uin JesUs

Before U were thought of or time had begun,  
God even stuck U in the name of His Son.

And each time U pray, you'll see it's true  
You can't spell out JesUs and not include U.

You're a pretty big part of His wonderful name,  
For U, He was born; that's why He came.

And His great love for U is the reason He died.

It even takes U to spell orUcified.

Isn't it thrilling and splendidly grand  
He rose from the dead, with U in His plan?

The stones split away, the gold trUmpet blew,  
and this word resUrrection is spelled with a U.

When JesUs left earth at His upward ascension,  
He felt there was one thing He just had to mention.

"Go into the world and tell them it's true  
That I love them all - Just like I love U."

So many great people are spelled with a U,  
Don't they have a right to know JesUs too?

It all depends now on what U will do,  
He'd like them to know,  
But it all starts with U.

## **Disaster-proof your important papers**

You have five minutes to clear out of your house.

Five minutes to grab every crucial financial document before the house crumbles -- property titles, wills, insurance records, Social Security cards -- and you need to do it, even with all the chaos surrounding you.

Could you do it? Think fast! Would you even know what to grab?

Fortunately, with a bit of planning you can track your most important financial records and keep them out of the clutches of flames, floods, hurricanes or any disaster -- natural or manmade.

By spending a little time now preparing for the worst, you'll be more likely to remain calm in the eye of a storm -- confident in the safety of your financial documents. That will allow you to spend the crucial moments in a disaster thinking about more important things.

Like getting your loved ones out of the house safely.

### **Searching for the key**

Just because you're a good record-keeper doesn't mean you're a good safekeeper of records.

- Collect important personal papers and information related to financial transactions.
- Identify a single location to file all crucial papers -- a fireproof box or safe deposit box.
- Create copies now (certified, in cases of birth certificates and other crucial documents) in case you need them to provide to government agencies.
- Put important original documents in plastic covers to protect them and to prevent you from accidentally giving away the original.
- Notify the appropriate people where important information will be located, in case you're not available when it is needed.
- As you go through your day, be aware of the kinds of information that you should add to your filing system. Identify a method, such as an index card in your pocket or mini tape recorder in your car, to make notes of new items as they pop into your
